

Weather-Related Reschedule Request

Subject: Weather-Related Reschedule Request for [Date]

Dear [Clinic Name/Dr. Name],

Due to severe weather conditions currently affecting our area, I will not be able to safely travel to my appointment scheduled for today at [Time].

The roads in my area are [impassable/dangerous due to ice/flooding/snow], and local authorities are advising against non-essential travel. Safety is my primary concern for both myself and other drivers.

I would like to reschedule as soon as weather conditions improve and travel becomes safe again.

Please let me know your earliest available appointment after [expected date when weather clears].

I apologize for any inconvenience and appreciate your understanding of these circumstances beyond anyone's control.

Stay safe and warm,

[Your Name]
