

# Emotional resignation after maternity leave

Subject: Difficult Decision to Resign

Dear [Manager's Name],

I never thought I would have to write this message. After much reflection, I've decided not to return to work after my maternity leave. It's a bittersweet decision because I truly loved being part of [Company Name], but I need to focus on my family during this new chapter of life.

Thank you for the support, kindness, and opportunities you've given me over the years. I'll carry the lessons I've learned here for life.

With heartfelt thanks,

[Your Full Name]
