

Preliminary Application for Sales Internship

Subject: Application for Sales Internship

Dear [Hiring Manager's Name],

I am currently pursuing a degree in Business Administration and am eager to gain hands-on experience in sales through an internship at your company. I am particularly interested in learning about client acquisition strategies, sales analytics, and customer relationship management.

Though I am at the beginning of my career, I have completed relevant coursework and participated in sales simulations that provide a strong foundation for contributing to your team.

Thank you for considering my application. I would be thrilled to discuss how I can support your sales initiatives.

Sincerely,

[Your Name]
