

Casual Email Cover Message for Startup Job

Subject: Excited to Join Your Growing Team!

Hey [Hiring Manager's Name],

I stumbled upon your posting for a Product Analyst and felt an instant connection. I love what your startup is building, and I believe my mix of data skills and curiosity would fit right in.

I've spent the last two years digging into product usage analytics and helping teams make data-backed decisions that improved retention by 30%. I'd love to chat and show you what I can bring to the table.

Talk soon,

[Your Name]
