

Preliminary scholarship appeal letter

Subject: Preliminary Request for Scholarship Reconsideration

Dear Scholarship Committee,

I am writing to submit a provisional appeal regarding my scholarship application decision. I

understand that my initial submission may not have included all pertinent information that could support my eligibility.

I have recently received awards and recognition that were not included in my original application, which I believe strengthen my candidacy. I respectfully request that my application be re-evaluated in light of these updates.

Thank you for your time and consideration.

Sincerely,

[Your Name]
