

Student Leadership Recognition Formal Response

Subject: Honored Acceptance of Leadership Excellence Award

Dear Principal [Name] and Selection Committee,

I am profoundly honored to accept the Leadership Excellence Award. This recognition validates my commitment to serving our school community and inspiring positive change among my peers.

As Student Council President this year, I've had the privilege of representing student voices and implementing initiatives that have genuinely improved our school environment. From organizing the successful food drive to establishing the peer tutoring program, each project has reinforced my belief in collaborative leadership.

This award belongs to every student who supported these initiatives and every teacher who guided my leadership development. I've learned that true leadership isn't about individual recognition—it's about empowering others and creating lasting positive impact.

I pledge to continue using my leadership skills to serve others, whether in college or in my future career. Thank you for this incredible honor and for fostering leadership opportunities within our school.

With sincere gratitude,

[Your Name]

Student Council President

[Class Year]
