

Moral Leadership Recognition Humble Response

Subject: Humbled by Character and Citizenship Award

Dear [Principal/Committee],

I am genuinely humbled to receive the Character and Citizenship Award. This recognition means more to me than any academic achievement because it acknowledges the values that guide my daily actions and decisions.

Throughout my time at [School Name], I've tried to live by the principles my family taught me: treat others with respect, stand up for what's right, and contribute positively to my community. I never sought recognition for these actions—they simply felt like the right things to do.

If my character has made a positive impact on our school community, then I'm grateful to have played that role. I hope this award encourages other students to embrace kindness, integrity, and service as fundamental parts of their school experience.

Thank you for this unexpected honor. I promise to continue striving to be worthy of this recognition every day.

Gratefully yours,

[Your Name]

[Class/Grade]
