

Formal Suggestion Letter to CEO About CSR Initiative

Subject: Proposal to Expand Our Corporate Social Responsibility Efforts

Dear [CEO's Name],

I am reaching out to recommend expanding our Corporate Social Responsibility (CSR) initiatives. Our organization has always shown strong community values, and I believe there is room to make an even greater impact.

We could consider launching a volunteer program that allows employees to contribute a few hours per month to social causes. This would enhance our corporate reputation while deepening employee pride and engagement.

I would be honored to contribute to developing this program if approved.

Sincerely,

[Your Full Name]

[Your Job Title]
