# Farewell from a retiring teacher

Subject: A Farewell from the Heart

Dear Students,

After many wonderful years of teaching, I am retiring with a heart full of gratitude. You have been my inspiration, my joy, and the reason I have loved my work every single day. Watching you grow has been one of lifeâ€™s greatest rewards.

As I close this chapter, I encourage you to keep learning and caring deeply about the world around you. My hope is that you carry forward the same passion for knowledge that has guided my life.

Thank you for being part of my journey,

[Your Name]
