

Farewell Message to Students

Subject: A Special Message from Your Teacher

Dear Amazing Students,

I have some important news to share with you. After many wonderful years of teaching, I have decided it's time for me to retire. This means [Date] will be my last day as your teacher.

I want you to know that being your teacher has been one of the greatest privileges of my life. Each one of you has brought something special to our classroom, and you have all taught me so much. I have watched you grow, learn new things, overcome challenges, and discover just how capable and incredible you are.

Remember everything we've learned together: be kind to others, never stop asking questions, believe in yourself, and know that making mistakes is just part of learning. You are all capable of achieving amazing things, and I will always be cheering you on.

Even though I won't be your teacher anymore, I will never forget any of you. The memories we've made, the laughs we've shared, and the proud moments we've celebrated will stay with me forever. Keep being the wonderful, curious, and caring students you are. The world needs more people like you.

With lots of love and best wishes for your bright futures,

[Your Name]

Your [Former] Teacher

P.S. - Don't forget to always do your best and be kind to your new teacher!
