

Sales Follow-up Thank You

Subject: Thank you - Next steps for [Company Name]

Hi [Name],

Thanks for your time today! I really enjoyed presenting our solution and learning more about [Company's] goals.

Your point about scalability was spot-on, and I think our enterprise package would be perfect for your growth plans. I've attached the pricing information we discussed, plus that case study from [similar company] you were interested in.

I'll follow up next week to see if you have any questions, but feel free to reach out anytime if something comes up sooner.

Looking forward to potentially partnering with you!

Best,

[Your name]
