

Funny Thanksgiving Speech for Friends

Hello everyone,

Before we dive into the feast, I want to share a few words of thanks “ and maybe a little laughter. I am thankful for elastic waistbands, gravy that never ends, and friends who don’t judge how many slices of pie I have.

Let’s remember that Thanksgiving is about laughter, love, and remembering to be grateful “ even if it’s just for surviving the turkey cooking process.

Here’s to good food, great company, and unforgettable memories. Happy Thanksgiving!
