

Heartfelt Trespassing Warning to a Family Member

Subject: Please Respect My Boundaries

Dear [Relative's Name],

I hope you understand the difficulty in writing this message. I have noticed that you've entered my property at [address] without asking beforehand. While I value our family relationship deeply, I must also request respect for my privacy and space.

Please consider this a heartfelt request and a formal warning not to trespass in the future. If you need access, I'm always open to discussing it in advance. I would rather resolve this within the family than involve authorities.

With respect and understanding,

[Your Name]
